

Welcome to Plant it Wild's (PIW) 2020 Season! Which, we are sad to report, has been cancelled. As you can imagine the efforts expended to create our Programs and Field Trips to offer fantastic opportunities for you to learn about Michigan native plants and ecological gardening was significant. The decision to postpone it all for a year has been difficult.

Between climate change and habitat loss the wildlife which depend on native plants is in dire straits. Our mission to foster the appreciation of, and inclusion of, these plants to help you create healthy habitats where you live still stands. We can still garden and encourage you to do so. Gardening is good for you and our ecosystem.

In the interim, the PIW Board will be developing educational materials to help you in your efforts to Go Wild, Go Native where you are. We want to help you make plant decisions best suited to your site. All of these materials will be posted on Facebook and on our website. Additionally, we will periodically send the information to members in email to keep everyone in the loop. You can sign up to receive our emails on our website.

Below is our membership form. We will be using our funds sparingly in 2020 to build our revenue to offer even more educational opportunities going forward. As always, you can learn more at our website, [plantitwild.net](http://plantitwild.net) and by following us on Facebook at PIW- Plant it Wild.

We look forward to seeing all of you when we can. We welcome and encourage your membership or generous donation at any level. It is through membership and donation income that we are able to continue our educational efforts.

## SUPPORT & MEMBERSHIP FOR PLANT IT WILD

Name \_\_\_\_\_ Date \_\_\_\_\_
